

Wireless Laser Mouse

Quick Start Guide

Wireless Laser Mouse

- A** Left Button
- B** Right Button
- C** Scroll Wheel
- D** Forward Button
- E** Back Button
- F** DPI/ Quick Scroll
- G** USB Indicator
- H** Bluetooth 1 Indicator
- I** Bluetooth 2 Indicator
- J** Battery Cover
- K** Mode Switch Button
- L** ON/OFF
- M** USB Nano Receiver

Connecting to 2.4GHz Nano Receiver

1. Install the battery and turn the mouse on.
2. Remove the USB nano receiver.
3. Insert the USB nano receiver into the computer's USB port.
4. Press the mode switch to 2.4GHz mode until the red LED is on.

Connecting to Bluetooth Mode

1. Turn on the mouse.
2. Press the toggle button until the blue light comes on.
3. Press and hold the toggle button for 3~5 seconds until the blue light flashes quickly. The mouse is now in Bluetooth pairing mode.

Bluetooth Quick Start Guide Continued

Windows

4. Click Start, Settings, then Devices.
5. Click the "Add Bluetooth or other devices" button in the computer.
6. Select Bluetooth under the "Add a device" section.
7. Search for and select the "NXT BT MOUSE". After installation, the mouse can be used normally.

Mac

4. Open the "System Preferences" on the Mac.
5. Click the Bluetooth button on the system preference folder.
6. Search for and select "NXT BT MOUSE". After installation, the mouse can be used normally.

Switching between 2.4GHz and Bluetooth

When Bluetooth and 2.4GHz modes are connected successfully, shortly press the multi-mode toggle button, and you can switch easily between other devices.

2.4GHz
Red light on

Bluetooth 1
Blue light on

Bluetooth 2
Green light on

Hyper Fast Scroll

1. Short press the DPI button to enter hyper fast scroll mode, then scroll the wheel. The hyper fast scroll will function for 16 seconds and then stop.
2. You can press DPI button again to stop the hyper fast scroll function. Or you could slightly scroll the wheel again to stop it.

Change DPI

Long press this button for 3 seconds to switch the DPI. The indicators under the scroll wheel will flash once to show 1000 DPI, flash twice to show 2400 DPI and flash three times to show 3200 DPI. (color of the indicator light depends on the mode you are connected to).

System Requirements

Microsoft Windows 8/10/11 or MAC OS X 10.7 or higher (Button functions may differ on a MAC).
Bluetooth pairing requires a Bluetooth enabled device.

Trouble Shooting

1. Make sure you have put the batteries in the correct directions and the power switch is ON.
2. Make sure you have connected the receiver correctly to the computer's USB port.
3. Try another USB port if the port is unresponsive.
4. Replace batteries if battery power is low.
5. If mouse performance is slow or intermittent around a wireless network, unplug the Nano receiver from the USB port and then re-insert it. To reactivate the mouse, switch it on, off, and on again using the On/Off switch on the bottom of the mouse.
6. Repeat the connection procedure.
7. Try moving the mouse closer to the Nano receiver.
8. Try operating the mouse on other working surfaces.
9. For the best performance, we suggest that you place the receiver away from other electrical devices.

For product support, please call 1-800-270-9165.

Battery Use Reminders

1. Remove worn-out batteries from equipment immediately and dispose of them properly.
2. Keep all batteries (used or new) out of the reach of children.
3. Never dispose of batteries in fire.
4. Do not mix old and new batteries. Do not mix alkaline, standard (Carbon-Zinc), or rechargeable (Nickel Cadmium) batteries.
5. Remove the batteries from this device if the device will not be used for a long period of time.
6. If the performance of the battery decreases substantially, it is time to replace the battery.

This product uses non-rechargeable alkaline batteries.

CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED WITH INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTION.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. (Example-use only shielded interface cables when connecting to computer or peripheral devices).

1 Year Limited Warranty

WorkLife Brands LLC warrants, to the original purchaser, this NXT Technologies product against defects in material and workmanship under normal use and service for 1 (one) year from the original date of purchase. WorkLife Brands LLC, at its option, shall repair or replace the defective unit covered by this warranty. Please retain the dated sales receipt as evidence of the date of purchase as it will be required for any warranty service. In order to keep the warranty in effect, the product must have been handled and used as described in the instructions accompanying this warranty. This warranty does not cover any damage due to accident, misuse, abuse or negligence. To make a warranty claim, please contact NXT Technologies product support at 1-800-270-9165.

Limitation Of Liability

Except to the extent of repairing or replacing this product as expressly stated in the limited warranty described herein, WorkLife Brands LLC shall not be liable for any damages, whether direct, indirect, incidental, special, consequential, exemplary, or otherwise, including lost revenues, lost profits, loss of use of software, loss or recovery of data, rental of replacement equipment, downtime, damage to property, and third-party claims, arising out of any theory of recovery, including statutory, contract or tort. Notwithstanding the term of any limited or implied warranty, or in the event that any limited warranty fails of its essential purpose, in no event will WorkLife Brands LLC's entire liability exceed the purchase price of this product. Some states and provinces do not allow the exclusion or limitation of incidental or consequential damages so the above limitations or exclusions may not apply to you. This limited warranty gives you specific legal rights. You may have other rights which vary from state to state and province to province.
